PEAK® Antifreeze + Coolant is a conventional (green), ethylene glycol based antifreeze for use in older automotive and light duty gasoline/diesel applications. PEAK Antifreeze + Coolant provides maximum protection from freezing to -84°F and boil-over to +276°F. Protects all cooling system metals, including aluminum, against damaging rust and corrosion when used as recommended.

**DESCRIPTION**

PEAK® Antifreeze + Coolant is a conventional (green), ethylene glycol based antifreeze for use in older automotive and light duty gasoline/diesel applications. PEAK Antifreeze + Coolant provides maximum protection from freezing to -84°F and boil-over to +276°F. Protects all cooling system metals, including aluminum, against damaging rust and corrosion when used as recommended.

**FEATURES & BENEFITS**

- Maximum Freeze-Up Protection To -84°F Boil-Over Protection To +276°F
- Provides Year-Round Protection Against Damaging Rust and Corrosion
- Compatible with All Conventional (Green) Antifreeze+Coolants
- Meets or exceeds ASTM D3306 and D4985 specifications

**APPLICATIONS**

Engineered for use in older passenger cars, and light duty trucks

**SPECIFICATIONS/RECOMMENDED USE**

Engineered for use in older passenger cars, and light duty trucks including:

- Chrysler: All Pre-2000
- Ford: All Pre-2002
- GM: All Pre-1995
- All makes and models: All Pre-1989

Also recommended for use where the following are cited:

- Chrysler/FCA MS-7170
- Ford ESE-M97844-A
- General Motors GM 1899M, GM 1825M
- TMC RP 302C
- SAE JB14

**FREEZE/BOIL PROTECTION CHART**

**ADDITIONAL INFORMATION**

**Testing Requirements:** For proper freeze and boilover protection, use a traditional refractometer or hydrometer to measure the percentage of ethylene glycol by volume.

**Storage Recommendations:** PEAK Green Antifreeze/Coolant can be stored in original container at ambient temperature and limited periods of exposure to temperatures above 95°F (35°C) for 3-5 years, provided the container remains sealed. Product should be agitated before dilution or use.

**Safety and Environmental Guidance:** PEAK Green Antifreeze/Coolant is based on virgin ethylene glycol and should be kept away from children and animals to prevent exposure. A bittering agent is added to help reduce the potential for accidental ingestions of this product. More information on health, safety, and disposal is available on the appropriate Safety Data Sheet, which can be obtained from peakauto.com. Always dispose of used coolant in accordance with local, state, and Federal guidelines.
